Delivery Performance

- Average Delivery Time: 5.5 days
- Fastest Delivery: 1 day
- Longest Delivery: 10 days (possibly remote locations)

GROWTH OPPORTUNITIES

1. Capitalize on Valentine's Day 2024

- February historically generates ₹7L+ revenue
- Launch campaign by January 15, 2024

2. Customer Acquisition Blitz

- Current: 100 customers @ 10 orders each = 1,000 orders
- Goal: 150 customers @ 10 orders each = 1,500 orders (50% growth)
- Focus on referral incentives (your customers are loyal evangelists)

3. Analyze Top 20 Customers

- Identify what makes them loyal
- Create VIP/premium tier
- Exclusive early access to new products

4. Expand "All Occasions" Category

- Currently 9 products, generating ₹5.86L (16.6% of revenue)
- Least seasonal, most stable
- Target: Double this category to reduce seasonal dependency

5. Geographic Expansion

- 86 cities is good coverage, but thin (average 1.2 customers per city)
- Focus marketing on top 10 cities
- Pilot in 5 new metro markets

6. Corporate Gifting Channel

- B2B sales for bulk festival orders
- Year-round revenue for employee birthdays, work anniversaries
- Higher order values (100+ units vs. 3 units retail)

7. Subscription Model

- "Festival Box" subscription: ₹15,000/year for all major festivals
- Predictable revenue, customer lock-in
- Target 20% of customer base (20 subscribers = ₹3L recurring revenue)

8. Premium Product Line

- Current avg price: ₹1,130
- Introduce ₹2,500-₹5,000 luxury gift hampers
- Target high-value customers (top 20% already spending ₹7,000+ per year)

9. Technology Investment

- Predictive inventory management
- Personalized product recommendations
- Automated festival reminder campaigns
